

# RENA SYSTEMS HEAVY DUTY NINE FOOT CONVEYOR/STACKER

TB-459

# MODEL TB-459

## *Productivity, flexibility, and quality.*

- Versatile – Accepts material from a range of equipment, with height-adjustable feet.
- Fast - Designed for production speeds with infinitely variable control from zero to one hundred feet per minute.
- Rugged - Built for production volume jobs and designed to last for years of hard work.
- Smart Design – Adjustable height, built-in material control components, and a wide 10” belt for perfect shingling.

# RENA SYSTEMS HEAVY DUTY NINE FOOT CONVEYOR/STACKER

# TB-459

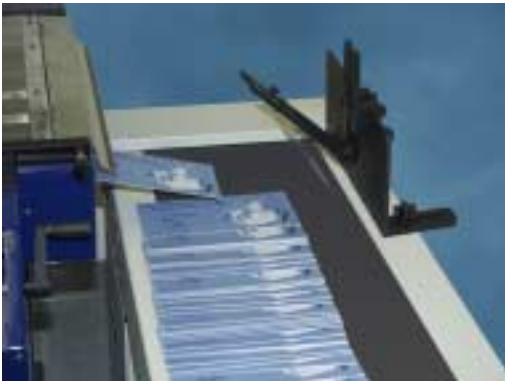

**Professional grade.** The TB-459 has all the features professional mailers demand – large capacity, precise control, universal compatibility, and quality construction. Its 10" wide belt is designed for today's high-speed inline printing systems.

**Reliable performance.** No matter what you are printing, labeling or tabbing, the TB-459 can accommodate you. The heavy-duty drive motor and gearing is made to last for years, and the adjustable feet allow it to set up with any equipment.

**Productivity.** Run more trays of mail at a time, and finish the job faster. With 50% more deck area and much more capacity, the TB-459 really picks up the pace, saving you money.

*The TB-459 offers professional mailers exceptional utility. The nine feet of heavy-gauge steel allows large runs to stop less frequently, increasing throughput.*

*The built-in knockdown assembly helps control materials at production speed.*
